<p>1. In November 1955 I received a letter from my niece in Budapest. This letter contained the following interesting item <u>free translation</u>:</p> <p style="padding-left: 40px;">"The so-called flying saucers (rockets) [sic] for several weeks kept the people in a nervous state. These very fast speeding flyers kept scientific groups very busy. I'm sure you heard already from the papers, 12 thousand km per hour was estimated on these flyers."</p> <p>2. Included with the letter was the following sketch indicating the formation and suspected course of the above objects:</p> <div style="text-align: center;"> </div> <p>3. This is the first time my niece has mentioned such objects in her letters.</p> <p>4. Available on loan from CIA Library is a photostatic copy of original letter in Hungarian and an English translation. The excerpt quoted in para. 1 is marked in brackets in this letter. UNCLASSIFIED - Imperfect</p> <p style="text-align: center;">- end -</p>

Dear Uncle [redacted]

I don't know whether the letter I sent before will arrive. I wish you all a very Merry Christmas and a happy New Year. Here, the children are preparing for Christmas. The shops are full of toys and Christmas trees. The streets are crowded with window shoppers.

The three of us are spending the holidays in Pest [redacted]

[redacted] The children will have a vacation from 20 December through 17 January,

[redacted] I

[redacted] took a day off on All Souls' Day [redacted]

[redacted] you write so little. How are you? Has the family grown?

Are you all well?

[redacted] is having a lot of trouble with her back. [redacted] has been sent off for a week to do some work in the province, he won't return till the evening of the 24th.

A famous German circus is on tour here now with many animals and artists. They say it is very good. We are planning to see it with the children.

Everyone has been excited by the so-called saucers for the past few weeks. These fast-rushing heavenly phenoma have been and still are keeping scores of scientists busy. [redacted] has surely seen them or read about them; these amazing fliers moved at a speed of 12,000 kilometers per hour.

We wish you all good health and send our regards and affection to mother and the children. Much love and many prayers,

[redacted]
